HEALTH INSTRUCTIONS FOR BOATERS

Decree No. 2021-699 of 1st June 2021 laying down general measures for management of recovery from the health crisis.

You have just docked in France from an amber list country, outside the European area, featured on the Ministry of the Interior website list (e.g. the United Kingdom):

You must comply with the following rules:

- Present a negative PCR test less than 72 hours before departure or a negative antigen test less than 48 hours before departure.
- If you are not vaccinated under a complete vaccination schedule with a vaccine recognised by the European Medicines Agency (Pfizer/Comirnaty, Moderna, AstraZeneca/Vaxzevria, Janssen):
 - You must give a compelling reason to be admitted into metropolitan France;
 - You may be required to take a random test on arrival;
 - If you are to disembark, you must pledge to self-isolate for seven days on arrival.
- If you are vaccinated under a complete vaccination schedule with a vaccine recognised by the European Medicines Agency, you can enter metropolitan France and move around freely.

More information is available at the address [www.interieur.gouv.fr, attestation-de-deplacement-et-de-voyage](http://www.interieur.gouv.fr/attestation-de-deplacement-et-de-voyage)
