

ON A BLUE FLAG MARINA

- I notify the marina staff if I see any pollution.
- I do not throw my waste and black waters into the harbour and I use the facilities available.
- I carry out all the maintenance work on my boat in a service area that meets environmental standards.
- I clean my boat with environmentally friendly products.
- I use the sanitary facilities of the harbour.
- I limit my water and energy consumption on port facilities.
- I throw and sort my waste (household and hazardous) in the containers provided for this purpose.
- I respect the safety instructions of the harbour.
- I respect the sensitive natural areas that are nearby.

The Blue flag is an international label rewarding municipalities and beaches that respect the environment. Full details of the criteria on www.pavillonbleu.org.
